

## **PIG® Extra-Duty Absorbent Mat Roll**

MAT176 Heavyweight, 16" x 150', 1 roll

With additional top and bottom layers for extra toughness, PIG Extra-Duty Mat is highly abrasion resistant so it won't rip, tear, or fray.

- Special spunbond outer layers resist ripping and fraying from wiping rough surfaces or parts that would shred conventional mats
- No matter how you use it, this mat builds on the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave behind liquids or fiber residue
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more; absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Low-lint for wiping rough parts or equipment and for cleaning in paint booth applications; also great for lining benches for rough or sharp parts
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Rolls are perforated every 10"; easy to tear to size, use only what you need
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups
