

# 490 Dura Trax®

## Anti-fatigue diamond-plate mat for the toughest industrial environments

Dura Trax® is a high performance anti-fatigue floor mat representing the ultimate in comfort and durability for today's industrial environments. A nitrile rubber top surface provides a noticeably softer and more comfortable work surface and a diamond-plate design offers greater slip resistance and is easy to sweep or mop clean. Dura Trax® combines the heavy-duty nitrile rubber top surface with a dense sponge backing utilizing Notrax® exclusive UniFusion™ technology. This virtually eliminates the possibility of de-lamination. All Notrax® laminate floor mats come standard with RedStop™, a uniquely engineered non-slip backing technology that eliminates the slipping and sliding of floor mats on smooth surface flooring such as vinyl composite tile, painted or epoxy coated concrete, vinyl sheet flooring, carpet, and ceramic tile. The sloped beveled edges reduce tripping hazards and allow easy access on and off the mat. In addition, the rubber surface of the mat resist exposure to sparks making it the perfect choice for welding applications.

- Nitrile rubber recycled diamond plate top surface is combined with a dense closed cell PVC foam base
- Diamond-plate surface texture provides added traction
- Withstands exposure to grinding sparks up to 600°F
- UniFusion™ bond guaranteed for the life of the mat
- Redstop™ non-slip backing to reduce mat slippage
- Beveled edges on all 4 sides
- Certified by the NFSI (National Floor Safety Institute)

Stock Sizes	2'x3', 3'x5', 3'x12'
Roll Sizes	2'x75', 3'x75', 4'x75'
Cut Lengths	2', 3' and 4' widths (up to 75' long)
Thickness	9/16"
Colors	  Black      Black/Yellow
Product Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Dry Areas
Usage Intensity	Heavy duty
Sales Tip	The rubber surface of the mat has a noticeably softer feel and provides greater friction for slip resistant work area and resists exposure to sparks making it the perfect choice for welding applications.
Material	Nitrile rubber blend
Product Weight sqft in lbs	1
Process	Lamination
Backing	Closed Cell Polyvinylchloride
Reach	Not REACH Compliant
Prop 65 Warning	WARNING: This product can expose you to chemicals including di-2-ethylhexyl phthalate and/or diisobutyl phthalate which is known to the State of California to cause cancer, birth defects or reproductive harm.
