Customize Height for Overall Comfort

The 3M Adjustable Monitor Stand is an office solution that helps you customize your workstation. Platform measures 11.5 inches by 16 inches by 3.5 inches and sports a contemporary black design with silver columns. This plastic stand supports monitors, printers, and other electronics that weigh up to 80 pounds.

3M Adjustable Monitor Stand (MS80B)
 Raises monitor from 1" to 5-7/8" in increments of 1-5/8". Changing the angle at which you view your monitor can reduce the aches and pains associated with long hours spent staring at a screen. This stand features stackable columns that can raise devices up to 5-7/8 inches. Three height settings with 1-5/8-inch increments allow you to find the ideal height to comfortably view your monitor.

Maximize Desk Space

Ideal in cramped desk stations, the 3M Adjustable Monitor Stand lets you expand your work area upward instead of outward, maximizing your work space. With 11 inches of clearance between the stackable columns, this stand has ample room to fit supplies under the platform. This storage space is ideal for small laptops, creating space for paper beneath a printer, and countless other practical home and office applications.

A non-skid column base helps ensure that the monitor stand stays firmly in place while your device rests on the platform.
