

PIG® Fat Mat® Absorbent Pad in Dispenser Box

MAT2101 Heavyweight, 16" x 20", 50 pads

This double-thick version of our 8-layer PIG Mat has 16 thirsty layers for big cleanups. Spunbond top resists abrasion for long life.

- 16 layers of 100% polypropylene are thermally bonded to form one super-absorbent mat capable of drinking up huge volumes of liquid
- Tough, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated
- Fast-wicking "diaper action" transfers liquids into the absorbent inner layers to keep moisture away from surface
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Gray color means absorbed leaks and drips blend right in
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Dispenser box makes it easy to take, carry and store your mat while protecting it from dirt and moisture
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Extreme heavyweight Fat Mat construction is ideal for applications that require long life and high capacity

Specifications

Fluid Absorbed	Oils, Coolants, Solvents, Water
Color	Gray
Dimensions	16" W x 20" L
Recycled Content	25% or more Recycled Content
Absorbency	Up to 22 gal. per box
Absorbency per	Up to 56.32 oz. per pad
Mat Weight/Absorbency Level	Heavyweight
Perforated	Perforated Down Center Widthwise

Sold as	50 pads per box
Weight	18 lbs.
# per Pallet	30
Composition	Polypropylene
UNSPSC	47131901
UV Resistant	No
Pigalog® Page Number	<u>Page 30</u>

Metric Equivalent

Absorbency per	Up to 1.7 L per pad
Absorbency	Up to 83.3 L per box
Dimensions	40.6cm W x 50.8cm L
Weight	8.2 kg
